New Crestron Color Match Service

Thanks to our exclusive new Color Match service, Crestron roller shades are now available in any color your customers desire.* All you have to do is provide a Pantone® color code or a physical color sample and we'll do the rest. It couldn't be easier to offer shades that integrate perfectly into your customers' design schemes. No other manufacturer offers this level of customization and flexibility – use it to drive your shade sales!

Here's how it works →

Pantone Color Number   16-5123

Lab 58 -33 -12	Lab 67 -32 -17	Lab 51 -23 -21
Lab 71 -32 -11	Lab 74 -39 -14	Lab 46 -15 -29
Lab 51 -24 -9	Lab 60 -29 -15	Lab 53 -26 -18

If you have any questions, please email us at **colormatch@crestron.com** or visit **crestron.com/shades** for more information

Start using Crestron Color Match today

The Crestron Color Match service is ready to go in the CDT for both motorized and manual roller shades. It is available in fabrics with openness factors of 1, 3, 5 and 10% as well as blackout shades. Here's how it works:

1 **Step 1:** Set up a shade project in CDT as usual and select the "Color Match" fabric. These are in the fabric list as CSF-CLRMATCH-xx, where xx is the openness factor (01, 03, 05, 10 and 00).

2 **Step 2:** Enter a Pantone® color code provided by the customer/interior designer, or elect to ship us a color sample, such as a fabric swatch, color chip or small object with the desired color.

3 **Step 3:** We'll quickly send you 9 numbered fabric samples matched to the desired color for your customer to choose from. Just send us an email saying which sample number is the best overall match and we will begin building the shade(s).

Additional details

- The lead time for delivery of Color Match shades is 4 weeks, once we receive the order with Pantone color or physical color sample.

- There are no extra set up charges and no minimum quantities when using Color Match but fabric pricing is higher than normal offerings and based on height/width of each shade.

- Color is applied to the interior side of each shade only; the exterior side is solid white.

- Only solid colors can be matched at this time; Color Match will be available for multiple colors, patterns, and custom designs in the near future.

- Our exclusive Right Size Guarantee does not apply; Color Match shades cannot be returned for free re-sizing.

- The limited lifetime warranty on Crestron QMT® shade motors is not affected by choosing the Color Match Service.

* Whites brighter than the base fabric color cannot be matched
